Bringing the Community Together

SHARING the Gift of Love

GIVING the Gift of TIME

GRACE Adoption Inc. is a Community Ministry which focuses on partnering individuals who want to share Christ's love and their time in building relationships with senior citizens, especially senior citizens living in nursing homes or other care facilities. We want to instill within each senior citizen that they are important to and loved by the community, others and God. It is a voluntary program on behalf of the senior citizen and the person, whom we shall call a *friend*, wishing to develop a genuine caring relationship.
